THE KIDNEY FOUNDATION OF CANADA
Southern Alberta Branch
Hemodialysis Treatment Travel Loan

The Kidney Foundation of Canada, Southern Alberta Branch provides this program to help cover initial costs of dialysis treatment for patients of Alberta Kidney Care - South when traveling outside of Canada and decrease the financial burden of those living with kidney disease.

The Hemodialysis Treatment Travel Loan program is intended for individuals receiving hemodialysis treatment within Southern Alberta who are covered under the Alberta Health Care Insurance Plan (AHCIP). Individuals approved for this program will be provided with an interest free loan in the amount of money which will be reimbursed by their AHCIP for dialysis treatment and the physician's fee for up to 12 dialysis runs. Individuals who are travelling outside of the country for longer than six months are not eligible for a loan.

The travel loan amount, borrowed from The Kidney Foundation of Canada for this program must be paid back in full upon receiving your reimbursement cheques from Alberta Health Care, this is typically three to six months after submission of your receipts to the AHCIP. The Kidney Foundation will provide a loan for up to twelve dialysis treatments to a maximum of what is presently covered by the AHCIP per treatment.

The AHCIP presently reimburses up to \$573.00 Canadian for each dialysis treatment plus approximately \$42.08 for a physician's fee of a stable patient for a total of approximately \$615.08 per run. Fees effective April 1, 2023, and are subject to change without notice. Please ensure that you receive TWO receipts upon completing dialysis treatments – one from the dialysis unit, and one from the physician. For information on how to submit a claim to Alberta Health visit <https://www.alberta.ca/ahcip-coverage-outside-alberta.aspx> or call 780-422-1954 in Edmonton, or toll-free within Alberta at 310-0000, then 780-422-1954.

The Kidney Foundation of Canada is a national volunteer organization dedicated to improving the health and quality of life of people living with kidney disease. The Kidney Foundation raises all its own funds through the generous donations of the public. We are able to provide the Hemodialysis Treatment Travel Loan program as a result of this support.

Sincerely,
THE KIDNEY FOUNDATION OF CANADA

TREATMENT LOAN APPLICATION FORM HEMODIALYSIS TREATMENT TRAVEL LOAN

To be completed by Patient or Parent / Guardian of Patient *(Please Print Clearly)*

Check for all or any Travel restrictions & Consider Travel Insurance

Please be advised that, effective April 1, 2020, only the cost of insured emergency physician and/or hospital services received outside of Canada is eligible for reimbursement under the Alberta Health Care Insurance Plan. Travel medical insurance is strongly recommended for travelers leaving the country.

Alberta physicians and patients should confirm that the out-of-country facility is still accepting Canadian patients.

Keep in mind that depending on where you are travelling to, return travel may also be severely disrupted for several reasons. Patients may be forced to remain outside of Canada longer than expected.

- Make sure you understand the exclusions and limitations of any travel policy. For example, some policies will not provide coverage if you have changed medications, stopped taking a medication (even if it is because your condition has improved) or changed your medication dosage (raised or lowered) within 30 days of traveling.
- If you are relying on travel insurance provided through your credit card, make sure you understand all the exclusions, limitations and clauses for pre-existing conditions so that you know how much you are truly covered for and how the insurance company will handle any pre-existing conditions if you need to make a claim.

- Look for insurance that covers the person (which is assessed at the time you apply for coverage) rather than the trip (which is assessed at the time you make a claim).
- Most travel insurance policies will limit the number of days of travel coverage that you have. Make sure that your trip does not last longer than your insurance coverage.
